"The SmartCenter's quality and service is exceptional. It's ideal for hotels looking for a worry-free business center that gives you peace of mind."

—Steve McMillan,
Westmont Hospitality

In order to meet guest expectations without the hassle, hotels are turning to network provider Blueprint RF for the SmartCenter solution.

With a SmartCenter, hotels offer guests a sleek and secure PC with the software tools needed to connect on the go. Blueprint RF has partnered with Dell to create the SmartCenter hardware platform with the ability to adjust to any hotel's needs.
